OUR TEAM

Over the past few months, we've welcomed new colleagues! These outstanding professionals strengthen our team with their unique talents and expertise. Additionally, we have a few colleagues who are (almost) finished with their current assignments and are now looking for a new challenge. Discover what they can do for you!

TYCHO

With a Bachelor's degree in Industrial Engineering and Management and a Master's in Project Management, Tycho's strengths lie in collaboration, analysis, coordination, and coaching. Tycho is immediately available as a PMO or Junior Project Manager. [Click here](#) for the LinkedIn profile!

CLAUDIA-JANE

With a background in international business and languages, HR, and project management, Claudia is a versatile candidate who can quickly adapt to different environments. Claudia is immediately available as a PMO or Junior Project Manager. [Click here](#) for the LinkedIn profile!

KARLIJN

The past 5 years, Karlijn has been working in the PMO field with a wide range of employers, incl. Krehalon, BlijfGroep, Losberger De Boer, Woonstad Rotterdam, and the Dutch Tax Authority (Toeslagen UHT). Now available as Junior Project Manager or Project Coordinator. PROJECT SUCCESS MONITOR 2024

How did projects perform in 2024? By completing [this survey](#), you contribute to valuable insights and improvements in project management practices.

NEW OFFICE

We have moved into a beautiful new office at Mr. Green in Apeldoorn! An inspiring and green environment that perfectly aligns with our ambitions. Here, we manage projects, but we also love welcoming our network for a cup of coffee and an inspiring conversation.

Curious about where the magic of The PMO Company comes to life? Feel free to stop by and experience it for yourself!

STRENGTHEN YOUR PROJECTS WITH EXPERTISE

At The PMO Company, we are ready to take your projects to the next level with services tailored to your unique needs. We have extensive experience with leading project management tools, ensuring that your projects are managed efficiently.

PMO TIPS, TRICKS, AND TRENDS

AI Training

AI is everywhere, and it's increasingly being used in project management. The PMO Company offers training and workshops on this topic, but there are also some excellent beginner-friendly courses and tips available online, such as those provided by [PML](#).

AI NoteTaker (Meeting Minutes)

We are big fans and frequent users of Leexi, the AI note-taking tool for our meetings. Whether online or on-site, Leexi delivers surprisingly accurate summaries and precisely records who is responsible for which action items. The time-saver for Project Managers in 2024 has become even better in 2025!

Would you like to try it out? Schedule an appointment with us, and you'll receive Leexi-generated minutes immediately. Or use [this link](#) to explore it yourself.

From Strategy to Projects

We want to remind project managers of the importance of aligning strategic goals with project management. In [this blog](#), you'll gain insights and success factors to effectively manage this connection. We believe it's crucial for project managers to "push back" when their project lacks a clear link to strategic objectives or isn't formally included in the project calendar.
